## NDCN Open Data & Information Security Working Group Terms of Reference

### Mission

The Open Data & Information Security Working Group is a special working group convened in the 2021-2022 academic year in order to identify priority areas for NDCN relating to open data and information governance.

### Terms of Reference

- To identify areas of good practice and areas of risk relating to open data and other open research practices
- To identify areas of good practice and areas of risk relating to information governance, including information security, privacy, and compliance
- To produce a plan of action for consideration by the Senior Management Group
