

PROHIBIT-ICH

Prevention Of Hypertensive Injury to the Brain by
Intensive Treatment in IntraCerebral Haemorrhage

EASTER GREETINGS!

Dear all PROHIBIT-ICH collaborators,

Before we break for the Easter, we would like to update you on the progress of the trial and our plans for PROHIBIT-ICH.

THANK YOU FOR COMING!!

Thank you to everyone who attended the Training Day!

We had representatives from nearly all participating sites. It was lovely meeting you all!

HAPPY EASTER

LET'S GET STARTED

UPDATE:

- 13 centres have been invited to participate in PROHIBIT-ICH
- Imaging and blood pressure lowering protocols have been finalised
- The study protocol and supporting documents are being reviewed by R&D for provisional sponsorship
- A successful training day took place in Oxford on Tuesday 13th March

OUR AIMS:

- Obtain Ethical approval in April 2018
- Send a 'site pack' to the participating sites, containing the protocol and all supporting documents
- Finalise contracts with the sites
- Carry out remote site-initiation visits beginning in May 2018
- First patient recruitment in Summer 2018!

We are excited to get this trial up and running this year and we would like to thank you again for your continued help and support!

Kind regards,

Shahena Butt
