1. I confirm that I have read and understand the information sheet version 1.0 dated 12th February 2024 for the above study and have had the opportunity to ask questions and had these answered to my satisfaction.
2. I understand that sections of any of my medical and GP notes may be looked at by responsible individuals from the University of Oxford, from regulatory authorities and from the NHS Trusts where it is relevant to my taking part in research. I give permission for these individuals to have access to my records.
3. I understand that the information held and maintained by NHS England/ NHS Central Register may be used to help contact me or provide information about my health status.
4. I understand that my participation is voluntary and that I am free to withdraw at any time, without giving any reason and without my medical care or legal rights being affected.
5. I agree to donate blood samples and I consider these samples a gift to the University of Oxford and I understand the blood samples I give may include genetic research aimed at understanding the genetic influences on vascular disease, but that the results of these investigations are unlikely to have any implications for me personally.
6. **I agree to take part in the above study.**
7. I agree to be invited to participate in further stroke/TIA studies approved by ethics and I understand that agreeing to be contacted does not oblige me to participate in any future studies.
