

Hello SPRING!

Dear all PROHIBIT-ICH collaborators,

As the start date for the study is approaching, we would like to update you on the progress of PROHIBIT-ICH.

IMAGING MANUAL

- All sites should have received the imaging manual. Please let me know if you have not.
- 'Dummy scan' is desirable but not compulsory
- Please kindly fill out the site contact form if you have not done so already so we may set up your login.

SITE INITIATION VISITS

You will soon receive an email from Shahena offering a provisional Site Initiation Visit (SIV) date and time. We are aiming to start at the end of June
This conditional date will be dependent on the outcome of Ethics and HRA approval.

NEARLY THERE!!

UPDATE:

- Obtained provisional sponsorship
- Applied for Ethics and HRA
- Imaging and blood pressure lowering protocols have been finalised

OUR AIMS:

- Obtain Ethical approval in May 2018
- Send a 'site pack' to the participating sites, containing the protocol and all supporting documents
- Finalise contracts with the sites
- Carry out remote site-initiation visits in June 2018
- First patient recruitment in Summer 2018!

START RECRUITING IN SUMMER 2018

We are excited to get this trial up and running this year and **we would like to thank you again for your continued help and support!**

Kind regards,

Shahena Butt
